HELIPOD

USE YOUR PODS AND YOUR MEGA GOGOS TO PLAY THIS TESTING NEW GAME OF BALANCE!

YOU'LL NEED

- 4 Pods.
- 2 to 4 Mega Gogos.
- Hardback book.

THE RULES

• Lie your Pods on their sides - one in each corner - then balance your book on top of the Pods to make a 'Helipod'.

• Player 1 stands up and drops his Mega Gogo onto the Helipod. The aim of the game is to have the best landing possible.

• Score 5 points if your Gogo lands on its feet, 2 points if it lands on its side, 1 point if it lands on its back and 0 points if it lands face down. Highest scorer wins!

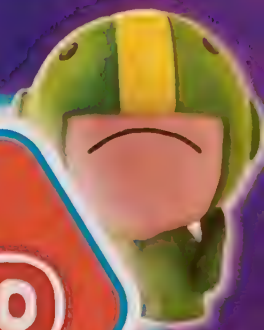

• Your Gogo is out of the game for good if it falls into the shark-infested waters!

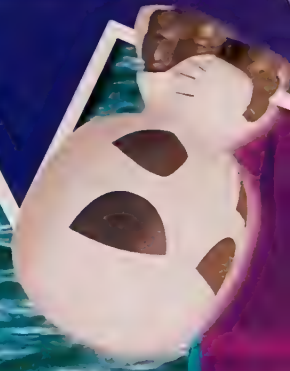

I THINK I'LL BE A WINNER AT THIS ONE!

DRAW A CIRCLE IN THE MIDDLE OF A PIECE OF PAPER AND TAPE IT TO YOUR HELIPOD. SCORE AN EXTRA 3 POINTS IF YOUR GOGO LANDS IN THE CIRCLE!

**MAKE YOUR HELIPOD
HIGHER BY PUTTING
ANOTHER LAYER OF PODS AND
AN EXTRA BOOK ON TOP
OF THE FIRST LAYER.**

ABRACADABRA

YOU MIGHT NOT HAVE A MAGIC SMILE LIKE ME, MOSH, BUT I BET YOU'D MAKE A CLEVER CONJURER! PEOPLE HAVE BEEN DOING **AMAZING MAGIC TRICKS** FOR HUNDREDS OF YEARS!

1 THE GREAT ESCAPE

Harry Houdini was one of the greatest magicians of all time, and was most famous for his escape act. He amazed people with his gift for getting out of handcuffs, straitjackets and even prison cells. One of his most famous escape tricks was to dangle upside down in a tank of water, with his feet and hands locked up. No one knows how he got out to this day!

WHAT DID THE MAGICIAN SAY WHEN HE FELL OVER ON STAGE?

AND NOW FOR NEXT MY TRIP...

CRAZY FACTS!

A WELL-KNOWN MAGIC TRICK IS **PRODUCING A RABBIT FROM A TOP HAT**. MAGICIANS USE A TABLE AND A HAT WITH SECRET OPENINGS INSIDE, SO THEY CAN SNEAK THE RABBIT INTO THE HAT WHEN NO ONE IS LOOKING!

2 DISAPPEARING ACT

Magician David Copperfield is famous for staging one of the biggest illusions ever! He made the Statue of Liberty in New York vanish before the eyes of a live audience and television viewers all over the world! Other huge things that magicians have vanished include elephants, tigers, trains, themselves and even the Taj Mahal building in India!

THE FLOATING CUP TRICK

Here's a great magic trick to impress your friends with!

- You need a paper or plastic cup and some sticky tape.
- Put a loop of sticky tape on the back of the cup that you can slot your thumb into.
- Now show the cup to your friends. Hold it on each side with your thumb slotted under the tape at the back.
- Tell them that you're holding a very special cup that's lighter than air. Let go of the cup on both sides, but keep your thumb under the tape, so it looks like the cup is floating in air.
- When the trick has finished, don't let on how you did it!

MAKE UP YOUR OWN MAGIC WORDS, PIFF PAFF POOF!

3 MAGIC CIRCLES

In almost every country, there's a special club for magicians. You can only join if you pass the test and perform clever tricks. Once you're a member, you must take an oath and promise never to reveal how you do your tricks. In the UK, children can join the Young Magician's Club and learn how to do tricks from master magicians!

CRAZY FACTS!

ONE OF THE MOST FAMOUS MAGIC TRICKS IS SAWING THE MAGICIAN'S ASSISTANT IN HALF. THE ASSISTANT EITHER CURLS UP TIGHTLY OR THE BOX HAS A SECRET DEEP BASE SO THAT THE SAW CAN'T REALLY CUT THROUGH HER!
